

## MMEL-302: Reproductive Health Practical

### I. Online class for Theory Component

About 10-20 hours of theory could be planned through online class. These sessions basically aim at clearing the conceptual doubts of the students on the topics. Experts could decide the topics according to their experience in class room teaching. However, attention should be given to cover all major areas (about 2 hours per Block) of the theory material. Some topics are suggested below:

Sr. No.	Topic	Faculty	Time	Date
1	ANC history taking	Dr . Reena Yadav	6-7 PM	15/09/2023
